CHILDREN'S DAY

14th November 2025

Dream beyond the stars,
you can do anything!

The children eagerly took part in a range of games including hurdles, ball-and-balancing activities, and hoopla hoops. These lively engagements helped strengthen their gross motor skills as they joyfully cheered for their peers and embraced the spirit of sportsmanship.

Children tested their knowledge of the world around them through exciting activities such as identifying popular logos and guessing childhood pictures of their teachers. These fun games brought lots of laughter and curiosity to the day.

★ Middle school and senior students eagerly participated in the Tug of War event, enthusiastically cheering for their teams and displaying great team spirit.

Mrs. Arti Gupta, our Principal addressed the children on the occasion and encouraged them to remain open-minded, flexible, and optimistic. She motivated them to adapt to the challenges and changes they encounter in life with confidence and positivity.

Address By Principal,
Mrs. Arti Gupta

The entire audience was left mesmerized by the soulful melodies sung by the teachers to convey their love and care.

The teachers' vibrant dance performances left the students excited, prompting resounding cheers from them.

The head boy and head girl acknowledged the teachers' efforts in making the assembly meaningful and special. They voiced the collective appreciation of all the students.
