

CYBER SAFETY WORKSHOP BY DR. RAKSHIT TANDON

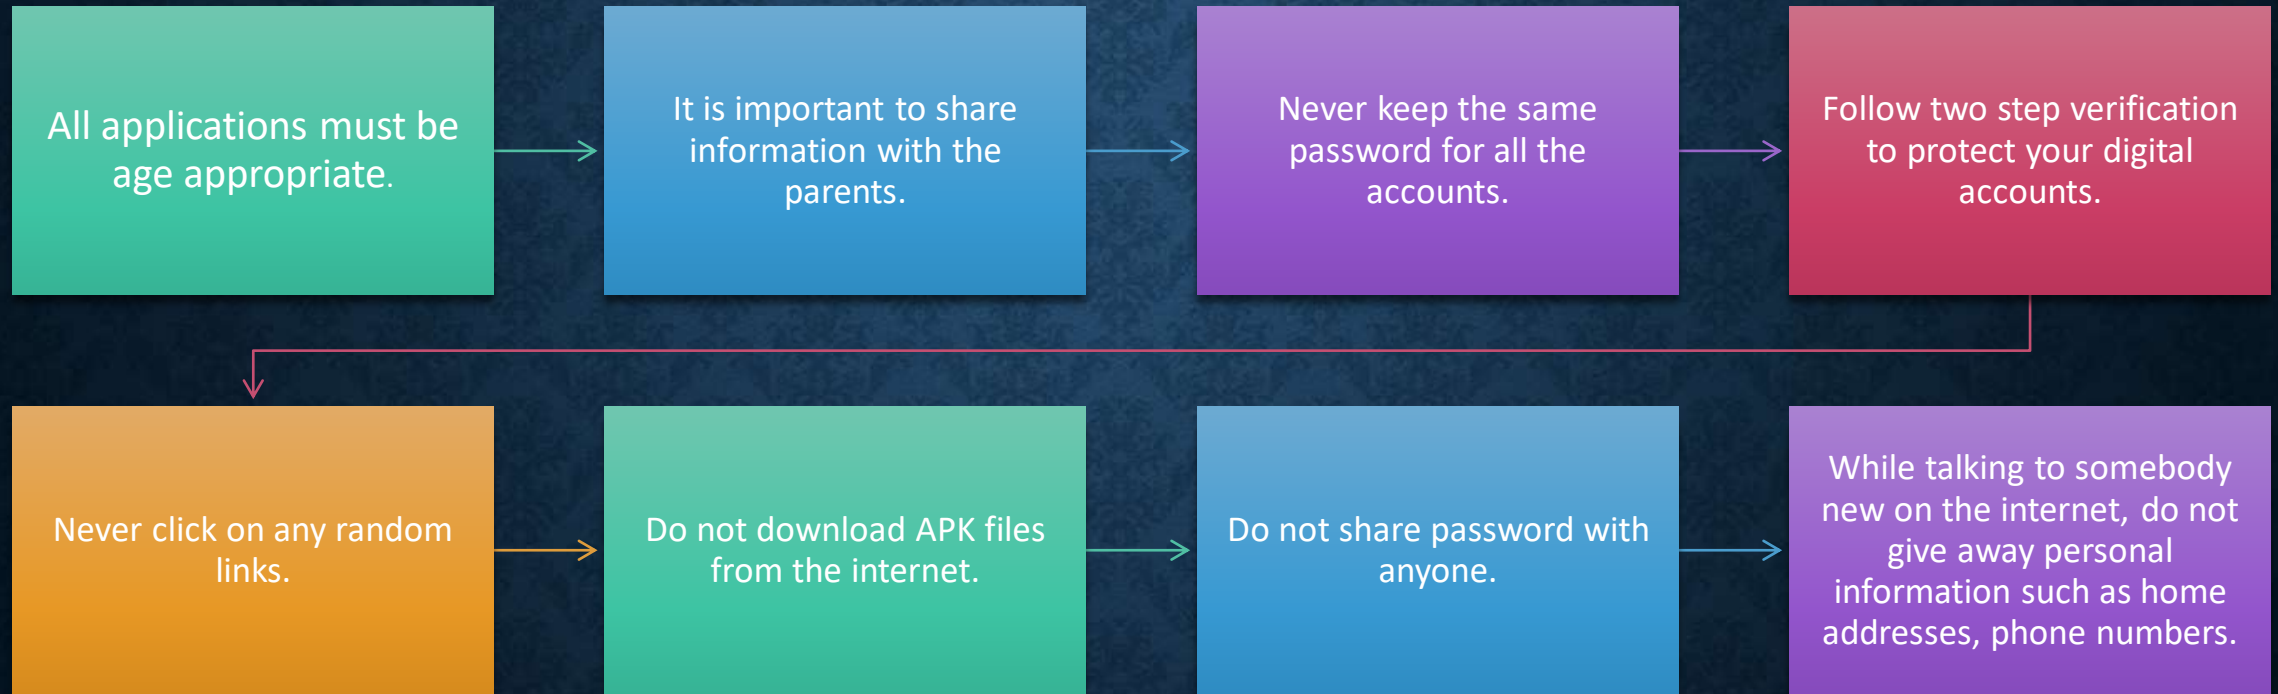

- **Amity Global School, Gurgaon Sector 46** organized a Cyber Safety workshop for students of grade 6th to 12th on 12th Feb 2024 by Dr. Rakshit Tandon.
- Dr Rakshit Tandon is a Cyber Security Evangelist, National Cyber Security Expert and Crime Investigator on Cyber Forensics and Ethical Hacking for various Law Enforcement Agencies in India. He shared his valuable insights about the safe and responsible use of tools and technology in social media platforms and apps.
- The objective of the session was to sensitize the students about the potential cyber threats, best practices for safeguarding sensitive information and how to respond effectively in case of security breach.

IMPORTANT GUIDELINES FOR STUDENTS WAS SHARED BY DR RAKSHIT TANDON. A FEW OF THEM ARE LISTED BELOW:

- The Internet is the global storehouse for information. It is like having the biggest library in the world at your fingertip which needs to be used responsibly.
- Never post inappropriate information about your peers.
- Be mindful about what you download from the internet.
- Always use a virus scan before downloading any application, as it may contain virus or malware.
- Respect privacy on the net. Do not share your or a friend's/ school mate password with people around.
- Focus on “Digital Diet” and “Cyber Hygiene”

CYBER SAFETY REGULATIONS

The session concluded with the students pledging to follow safety norms to ensure security of every individual.
