The stage came live when students danced with poise and vitality, demonstrating their talent and passion.

The sweet, melodious voices of our Early Years performers added warmth and joy to the celebration, transporting everyone down memory lane and helping grandparents reconnect with cherished moments from their childhood.

Upper Primary children sang vibrant, melodious songs dedicated to their grandparents.

The grandparents were delighted in reliving their childhood as they actively participated in fun-filled games.

They gracefully stepped onto the dance floor and swayed to lively songs from yesteryears.

Sharing a meal filled with joy and togetherness

Gratitude messages penned with love by Primary children for their Grandparents.

We extend our sincere gratitude to all Grandparents for gracing the occasion with their presence.
