INTER AMITY VOCABATHON 2025

Igniting a love for language

At the heart of Vocabathon 2025 lies a simple yet powerful goal: to help our young learners fall in love with words and their magical ability to bring thoughts to life.

Conducted across all primary grades, the program is designed to be more than just a vocabulary event — it was an immersive experience in the world of language.

Grade 1

Grade 2

Students strengthened their spelling, explored language through antonyms, synonyms, and idioms, discovered the magic of storybooks, and enhanced their vocabulary for vivid speaking and writing.

Grade 3

Grade 4

The initiative successfully nurtured confidence, encouraged creativity, and supported the development of expressive, articulate communicators among our students.

*More than memorization,
Vocabathon was a festival
of words.*

Grade 5

*As our budding wordsmiths
continue their journey, we celebrate
their enthusiasm and look forward
to fostering this love for language.*
